FIELD ART SOCCER ASSOCIATION'S **PHOTOGRAPHIC IMAGES AND SOCIAL MEDIA POLICY**

Policy Background

Photographic images, audio and/or video recordings (the “Released Media”) of players involved in Field Art Academy’s practices, games, tournaments, camps and other events and activities operated by Field Art Soccer Association, Field Art Soccer Academy, and Field Art Football Club (collectively, “Field Art”) may be captured by still and/or video cameras. Some of this Released Media may be published from time to time by Field Art in various media, including, but not limited to, advertisements, brochures, newsletters, newspapers, magazines, slide shows, television programs, live streaming, websites and on social media, including Facebook, Twitter and similar services.

The Release Media of players may also be displayed at Field Art’s events or at events to which Field Art has been invited.

The Released Media published may include players’ identifying information. Field Art Academy is committed to ensuring that its use of player’s personal information, including the publishing of photographs and recordings, is always respectful of the player, and in accordance with all legal obligations, including British Columbia Personal Information Protection Act.

Policy Statement

Field Art will not reproduce, use, exhibit, display, publish, broadcast, distribute, and create derivative works of the Released Media of the player, taken for use in connection with the activities of Field Art or for promoting, publicizing, or explaining Field Art, or its programs and activities, on any media which is widely-accessible, such as the internet and including social media, or which is distributed outside the Field Art community, without prior parental consent.

Parents and guardians can provide consent using the forms at the end of this policy. The consent given by the parents using these forms shall be in effect for all the time during which the player is a member of Field Art. Field Art shall be entitled to continue using the Released Media as provided herein, even after a player ceases to be a member of Field Art, unless the parents of such player expressly withdraw their previously granted consent with respect to the use of such Released Media.

Field Art will assume parental consent for the use or publishing of player’s personal information, including the Released Media, for internal purposes or which are published and distributed or accessible only to members of the Field Art community, unless and until expressly advised otherwise.
